SUBJECT: Monthly Report for September 1959.

5. Future Plans -- Initial planning on an additional project to be added to I/MS's research program for FY '60 is continuing and a project initiation proposal will be forthcoming in October.

6. Other:

25X1A9a

completed an extensive industrial orientation tour that took him to plants in Detroit, Cincinnati, Cleveland, Canton, Youngstown, and Pittsburg. He received an excellent reception throughout this tour and feels that it proved to be a highly valuable training experience.

Other members of the branch visited the Dupont synthetic fiber plant in Richmond, Virginia and were equally enthusiastic about the value of such plant visits.
